The Dax traded higher yesterday, paring back some of Tuesday's losses. The market retook the 6680.0-91.5 level, which should help ease some of the bearish pressures on the market. However bulls will need to push on today, early in the session otherwise we could see the onset of another bout of selling. If bears are to make further ground, they must look to take out the reference lows from Friday of **6625.5**. A break below here and the **6561.5-66.0** level may spark the onset of a deeper correction.
